

## An Update from Bryan Essary, Senior Warden

June 16, 2010

I wanted to let everyone know that we are now officially in "Phase I" of construction! The Parent Company began this week reassembling the Kindergarten and work on the Administrative Offices will begin soon. We will keep you all apprised of our progress and, with the help of Zee Pendleton and her staff, we plan on providing some photo updates along the way. Below you will see the recent efforts of kindergarten staff, teachers, and parents cleaning and inventorying some of their furniture and other items:

As Zee so eloquently reported to the Kindergarten parents:

*We are out of crisis mode and in the rebuild mode. The Church, Kindergarten, and Mother's Day Out will be better than ever. Father Spruill wrote in an update mere days after the flood, "Please know that your parish leadership is taking great care to oversee to the very best of our abilities the restoration of St. George's buildings. However, we are mindful that the chief cornerstone to our common life is none other than Jesus Christ our Lord. In Him are both our strength to continue our efforts today and our hope to trust, as ever, that the best is yet to come forthis very special and very strong community of faith." Enough said.*
