

## OVERVIEW

The Prayer and Healing Ministry supports the church's mission to "receive, live, and share the abundant life of Jesus Christ" by providing prayer through clergy and Lay Ministers to those needing physical, emotional, relational, and spiritual healing.

## RESPONSIBILITIES

Lay Ministers equip themselves for service by attending classes, services and training-focused healing ministry opportunities. Each member is required to provide service at the regularly scheduled Sunday Worship times as well as special events.

## RELATIONSHIPS

The Prayer and Healing Ministry team works closely with the clergy to ensure that they are trained and available to serve our parish.

## TIME COMMITMENT

Serve monthly at one of the regularly scheduled services along with called meetings and training.

## SKILLS AND INTERESTS

Compassion for one's needs and an interest in prayers and healing is imperative. Also, one needs to be able to communicate and openly pray with their parishioner.

## RESOURCES AND TRAINING

Classroom training and worship services intended for prayer and healing are available weekly.
